## Prepare for the Carnival

IN buying merchandise it pays to go to a house you have confidence in—one you know—and buy products made by the leading manufacturers of the country. When you come to Weille's you are assured you always get the best possible value for your money, and the very latest and best products of reputable manufacturers. Our reputation is the result of a life-time residence in your good city, and the zealous guarding of it our most strenuous effort. Your money back if a purchase proves unsatisfactory is a Weille trait.

### A NEW SUIT

For Carnival Week...

You must don your best "bib and tucker" next week and celebrate. There are none better than we are showing. No clothing superior to Weille's. Here you get the fit, style and fabric of the best product of the custom tailors, but at right prices. Good suits \$7 to \$12. Best suits \$12.50 to \$25.00.

We are showing beautiful things in Outing Suits—just the clothes for the Carnival and vacation days.

### A NEW HAT

For Carnival Week...

Straw Hat time is at hand and we want you to see our elegant line.

#### PANAMAS

will again be worn a good deal, but the Sailors are very fetching. We are showing them all.

### New Ties

For Carnival Week...

Our tie man is enthusiastic over his showing of late things in Spring and Summer Neckwear, and you will imbibe his enthusiasm if you only see his display.

For the Carnival see our LATEST—the Carnival colors made into a neat tie. You must have one, only 25 cents.

### New Shoes for Carnival

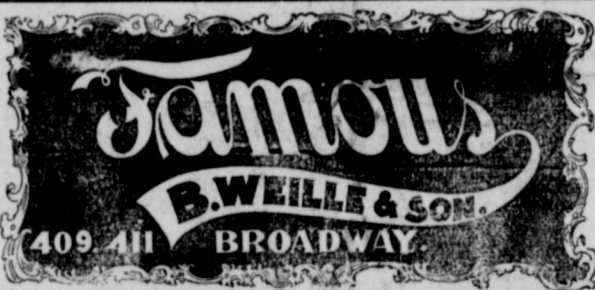

Again the low cut shoes are "the thing." Of course, we have the prettiest to be found. 'Tis the policy of our Shoe Department to show you the best to had. Many styles, all leathers.

\$3.50 is little enough for our popular price shoe.

\$5.00 and \$6.00 buys all it can in a Stacy-Adams shoe.

### New Things in Spring Hosiery

Low shoes call for neat hosiery. Not the loud, gaudy, bad taste displays, but the delicate shades and stripes, drop stitch, lisle, or silk. 25 cents will give you pretty ones. From 50 cents up gives you something handsome.

### New Shirts for the Carnival

Warm days are near and every man should be looking to his shirt stock. The newest things in Negligees are the plain plaited whites, the neat dots and figures. Nothing so cool as a Negligee. Nothing so neat looking.

Our Prices 50c to \$2.50

### CAN HAVE TROOPS

Gov. Beckham Ready to Send Them to Breathitt.

A Big Strike Begins Tomorrow at Pittsburg—Boiler makers to Go Out.

### LATE NEWS BY TELEGRAPH

#### CAN HAVE TROOPS.

Frankfort, Ky., May 8—Governor Beckham says he will send two companies of militia to Breathitt county if the county judge asks for them.

#### BIG STRIKE AT PITTSBURG.

Pittsburg, Pa., May 8—Between 25,000 and 30,000 bricklayers and union men of kindred organizations will strike tomorrow, practically paralyzing building operations here.

#### RUSSIA MAKING WAR PREPARATIONS.

Pekin, May 8—Russia has reoccupied New Chwang and is making war preparations rapidly. There are now fourteen thousand Russian troops on Chinese ground.

#### ALLEGED EMBEZZLER CAUGHT.

Chicago, May 8—Walter K. Crandall, charged with embezzling \$12,000 from the Woodmen of America, was captured here today.

#### SILER THE NOMINEE.

Paris, Ky., May 8—Wood withdrew this morning and Siler was declared the nominee in the railroad commissioners race.

#### STILL AT LARGE.

Louisville, May 8—There are as yet

no tidings of Henry Drandt, the alleged defaulting bookkeeper of the Western bank.

#### BREAD GOES UP.

Chicago, May 8—The Master Bakers' association met here today and decided on a big advance in the price of bread.

#### TWO KILLED IN COLLISION.

Moultrie, Ga., May 8—Two men were killed here today in a collision between motor car and a log train.

#### BOILERMAKERS TO STRIKE.

Chicago, May 8—The boilermakers of the Southern Pacific railroad will all go out on a strike tonight.

#### BROKER DIES SUDDENLY.

Boston, May 8—Edward M. Thayer, a mining broker charged with forgery, died suddenly here today.

#### IS INSANE.

#### GERMAN ARMY OFFICER TO GO TO ASYLUM.

Berlin, May 8—Prince Prosper von Arenberg, who was sentenced in 1900 to 15 years' imprisonment for savage cruelties while serving as an officer in German Southwest Africa, has been declared to be mentally disordered and will be transferred to a private asylum for the insane.

This statement was made in denial of a report that Emperor William had pardoned the prince.

#### TWELVE CREMATED.

#### HORRIBLE DEATH OF MEN IMPRISONED IN CABOOSE.

Winnipeg, Minn., May 8—Twelve men were burned to death and eight slightly injured in a train wreck fifty miles west of Port Arthur, Ontario.

A caboose attached to a tie train left the track, the car was overturned and took fire, with the above result.

### ABOUT JULY THE FIRST

Will the First Train be Run Over New Road.

An Extra Large Force of Men Pushing Work on Cairo Extension.

#### ONLY TWELVE MILES MORE

The work on the Cairo branch of the Illinois Central is progressing rapidly and it is thought that the first train will be run over the road about July 1.

An official stated this morning that the grading contractors were working an extra large force of men and guaranteed that they would finish the grading by June 25. The track men are keeping right up with the graders and will be done when the graders are. About one mile of track per day can be laid when the grading is finished, but no gauge can be placed on the latter as many obstacles are met with that require much more time than ordinary straight grading. Only 12 miles of track remain to be laid.

The first train run will be a special and all the newspaper men and city officials will probably be invited to make the trip. The work has been delayed by heavy rains and cold weather but is now being pushed without delay.

#### DR. HESSIG'S BROTHER ILL.

Mr. Fred A. Hessig, of Philadelphia, is seriously ill and not expected to live. He is a brother of Dr. H. Hessig, of the city, who received a telegram to that effect this morning.

### THE SPECIAL POLICE

Those Who Will Serve During the Carnival.

The Carnival Attractions Will Arrive in the City This Afternoon.

#### PADUCAH IS NOW READY

The carnival shows will all arrive here this afternoon at 3:30 o'clock and will be unloaded on arrival. Messrs. Joe and Francis Perari, the proprietors, and Mr. Potter are in the city today and Mr. Rice will arrive this afternoon with the shows. No time will be wasted in putting the attractions up and all will be in readiness for the grand opening Monday morning. The local band will hold its last rehearsal Sunday afternoon and will be in condition to give one of the biggest repertoires of music ever heard in Paducah.

The following is a list of the special police who have been appointed by Chief Special Police Chief Roy McKinney: J. V. Voris, C. D. Warren, Gus Rogers, George Robertson, C. E. Whitesides, R. C. Benner, H. C. Bronaugh, Will H. Farley, Wallace Weil, C. O. Brown, W. F. Bradshaw, Jr., Roy Dawson, Pat Lally, G. M. Oehlschlaeger, Louis Rieke, Jr., Dick Clements, H. A. Katterjohn, John G. Rackleff, Will Estes, Henry Frisz, Ernest Lackey, W. H. Utterback, James Clements, John Sinnott, Jr., Henry Beyer, J. E. Robertson, James Collins. In addition to these the executive committee composed of Messrs. L. A. Lagomarsino, G. R. Davis, Jeff

Read, Charlie Weille and Harry Johnson will have special police powers. The police will call at the city hall tomorrow morning and be sworn in and then report at the headquarters, Mr. H. C. Bronaugh's store, for their stars.

Mr. G. K. Davis will start out tomorrow morning to collect donations promised by local merchants. Several local firms have been working for the country store with good results.

Two boxes of Texas rattlesnakes were received this morning at the express office.

The building for the country store has been completed at Fourth and Broadway and is quite a spacious affair. It will be stocked with the best of everything and it is expected will do a big business.

A number of society young men have arranged to give a carnival ball at the Palmer house Thursday evening next, and it will be a swell affair. The list will be at Soule's after Sunday afternoon.

Mr. Ernest Lackey is chief Ticket taker, and Messrs. F. E. Graves and James Campbell assistants, while Dr. J. V. Voris is chief spieler, with R. C. Benner and R. A. Gilbert as assistants.

The spieler and ticket takers for Monday are:

Spieler—John P. Adkins, Henry Arenz, Van Barnett, Frank Boone, George Detzel, Irvin Cobb, C. H. Chamblin, E. C. Carter, R. C. Davis, T. B. Harrison, George Ingram, Casper Jones, Wm. Kraus, Isador Klein, Joe Miller, D. J. Levy.

### T. P. A.'S TOMORROW

The State Convention Will Meet Here.

A Large Crowd Is Expected From All Over the State.

#### BANQUET IN THE EVENING

Tomorrow the annual state T. P. A. convention will be held here and about 100 members will be in attendance.

There will be about 50 delegates from Louisville, Henderson, Owensboro and Mayfield, and a great time is expected. The business session will begin at 9 o'clock in the morning and last until about two in the afternoon. A president, secretary and delegates to the national convention will be selected tomorrow and J. O. Talcott, of Louisville, is tipped as president and Louis Kolb, of Paducah, as secretary. Mr. V. P. Inglehart, of Louisville, is the president now and Louis Kolb, of Paducah, the secretary. There will be side dergees in the afternoon and at 9 o'clock at night the dutch lunch will be served at Hotel Lagomarsino. This will end the convention. The national convention meets at Indianapolis on June 8 to 12.

#### DIED TO SAVE OTHERS.

New York, May 8—Rather than give an alarm which she knew might awaken a dozen sleeping families to panic, Mrs. James K. Polk silently and desperately fought a fire in her apartments. She paid for this with her life, for so badly burned was she that she died despite every effort of surgeons.

## WANT NEW STREETS

Property Owners to Have Any Kind of Sidewalks.

Board of Aldermen Holds a Meeting and Transacts Much Business.

### THE CITY LIGHT PLANT

The board of aldermen held its regular meeting last night at the city hall and transacted much business.

The street committee made a report relative to the new street improvements, and recommended that the streets be paved with brick, the sidewalks made of granite and the curbing of granite. The work is to be commenced as soon as possible and finished by fall.

Mr. R. G. Terrell was before the board and stated that some of the property owners have recently put down good, substantial pavements, and do not desire to have to take them up and put down granite instead. It was suggested that the ordinance when brought in specify that any kind of sidewalk may be built so it conforms to the grade of the new brick streets. Alderman Singleton made a motion to that effect, and it prevailed.

Mr. W. W. Lyon, formerly assistant city engineer, wrote to have pointed out to him any part of the assessment map incomplete, in order that he may finish it.

The recommendation from the council that the offices of city solicitor and city attorney be combined was turned down by the aldermen on motion of Alderman Singleton, who spoke in opposition to consolidating the offices.

Repairs at the city scales were authorized.

The wharfmaster was asked to look into the matter of towboats having no place to land at the wharf, and two additional hydrants were ordered for Oak Grove.

A request of property owners on Broadway from Seventh to Ninth to lay granite sidewalks was referred to the city engineer.

City Clerk Patterson brought up the matter of the mandamus brought against him by the News-Democrat to force him to turn over to the latter documents for public printing. He stated that he had refused to give any papers whatever to the News-Democrat, not deeming it public printer. After some discussion it was ordered that the clerk use his own judgment and give the documents to whomsoever he pleases until the case is settled in court.

The city solicitor was ordered to look after the city's interests in the injunction suit of the Western Union Telegraph company which is seeking to enjoin the city from collecting license tax.

Treasurer Kraus' report showed on hand April 1 \$9,439.60; \$7,591.09 collected since then; \$16,483.32 spent while present balance amounts to \$597.47.

Salaries and bills amounting to \$5,839.81 were allowed. The last salary of Solicitor Worten was refused, as it was claimed he was not at the council meeting and had no one there to represent him.

The ordinance was given second passage providing for the grading and graveling of Fourteenth street from Broadway to Monroe street.

Final passage was given the ordinance instructing the solicitor to institute condemnation proceedings for opening Husbands street from Third to Fourth.

An ordinance fixing the salary of city clerk at \$1800 a year was amended by increasing the amount to \$1500.

The ordinance designating Fifth street instead of Fourth as the place for the steam heating plant's crossing Broadway was given final passage.

The public improvement committee was instructed to examine into the dilapidated condition of the market house with a view to having repairs made.

The controversy with Marshal Crow over the amount due him for fees, etc., while Chief Collins was in charge was settled by voting to pay him \$355 in full for all claims.

Chief Wood was given permission to sell two broken down horses and buy new ones.

The water company was requested to extend its mains on Fountain avenue, Harrison and Jones streets.

A complaint from the Paducah Distilleries company that electric wires had been strung too close to its build-

ing on Second street was referred.

The contract made with Mr. Berry relative to a smoke consumer to be placed on the light plant was referred for correction.

Chairman Chamblin, of the light committee, reported the city light plant in good condition, and stated that Supt. Wallace had returned after a two months' absence and wanted to resume work. It was ordered that an ordinance be brought in giving the light committee complete control of the plant.

A complaint that a fish man named Short was trying to create a sort of trust on the market by forcing others to sell out to him was referred.

The street inspector was ordered to investigate a complaint that gutters at Seventh and Adams streets overflow.

A proposition from the railroad company to dedicate to the city property for opening Clark street at Ninth was referred. The company offers for \$750 and permission to cross Clay, Trimble and Ninth streets with another track, to dedicate the property.

Ed Singleton was granted a saloon license on Washington street.

A number of the regular monthly reports were received.

The following transfers of saloon license were made: Dye & Parkins to Haybeck & Stewart; McAtee to DeBoe, John Youngbecker to Dye & Parkins, and Sam Starks to Patterson.

The work of draining gutters near Broadway and Fountain avenue was ordered done, Engineer Washington reporting that it would require 340 feet or 18-inch pipe and cost \$325.

The appointment of Mr. Alonzo Elliott appraiser of property where it is claimed the cost of street improvements exceeded the value of the property was confirmed.

The question of compelling property owners to connect their property with the sewerage system was brought up and referred to the city solicitor for an opinion. Alderman Singleton took the position that people could not be forced to connect with it until the city owns her own waterworks.

Marshall Crow was instructed to investigate, the discharges of certain sewers at Third and Elizabeth streets.

Alderman Singleton made a statement relative to the publication several days ago of remarks alleged to have been made by Judge Sanders in the police court. He said he had since learned that the reporter was "strung" by Officer Whitehurst and Marshal Crow, and gave them a good roast, declaring that they had it in for him. He took them to task for criticizing a legislative officer who was trying to do his duty.

Alderman Singleton's motion to have saloon licenses brought into the jurisdiction of the fire and police commissioners, and for an ordinance licensing dogs prevailed.

The union depot fire alarm box was ordered moved a block further out, and the hose reel at the South Side station was ordered repaired.

The board then adjourned.

### CRIMINALITY REDUCED.

Berlin, May 8—Late statistics show that the reduction of criminality in the German army, which began in 1894, with the introduction of two years' service, has become permanent. The military offense show only about one-half the number recorded prior to 1893. When the troops which took part in the China expedition returned to Germany many soldiers were sentenced for acts committed while in China, and, therefore, the prisons were filled up to the old standards. It was a fact fully established by statistics, that under the three year service most of the offenses occurred in the third year when men were a year in the service.

### MEXICAN LOAN.

New York, May 8—It is stated on very high authority that negotiations have been almost completed to float a Mexican loan ostensibly in this country, but really abroad. The amount of the loan will be less than \$25,000,000, and will, it is thought, take the form of a 5 per cent bond. The money will be used for public improvements.

### SENTENCED TO DEATH.

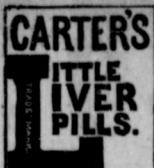

Manila, May 8—Colonel Aurado Santos and Colonel Marcelo Delac, ring leaders of the recent insurrection in Rizal province, have been convicted of brigandage and conspiracy and have been sentenced to death. The supreme court will review the case.

### MORE PROGRESS.

#### COLLEGE MAY BE BUILT AT LA CENTER SHORTLY.

The work of building La Center, the new Ballard county town on the Illinois Central, is progressing and the streets are being laid off rapidly. Messrs. E. W. Smith, C. E. Jennings, Harry Myers and others of the board of directors have returned from the place, where they held a meeting and decided to build a college. Twenty thousand dollars' worth of stock was subscribed and it is believed that no difficulty will be encountered in placing all the stock necessary and erecting at La Center an institution of which the people may feel proud.

#### ASSIGNMENT AT FULTON.

Alf C. Palmer & Co., one of the popular drug firms of Fulton made an assignment Wednesday to R. M. Chowning with liabilities at about \$5,000 and assets estimated at \$2,500.

## INSURANCE REPORT

Thirty-six Life Companies in Kentucky.

Over 100,000 Policies Were Issued in the State During the Year.

FIVE MILLION IN PREMIUMS

Frankfort, Ky., May 8—The life insurance volume of the thirty-third annual report of the insurance department of Kentucky is out. The report, which is made to the state auditor, is completed, with the issuing of this volume about two months earlier than is usual.

The report shows that at the beginning of the year for which it is made there were thirty-four life insurance companies doing business in the state. During the year five new companies of other states were admitted and three retired, leaving 36 companies doing business here at the close of the year. At the beginning of the year there were 33 accident, fidelity and miscellaneous companies doing business, and during the year two retired and two new companies came in. Two new assessment companies entered during the year, making four of this class now doing business in Kentucky. The companies had in force in Kentucky at the beginning of the year 246,985 policies, insuring \$171,362,077. They issued during the year 176,403 policies, insuring \$58,459,794. At the close of the year there were standing 350,773 policies, insuring \$199,885,353. The premiums received by the companies in Kentucky amounted to \$5,963,297. The losses paid amounted to \$2,312,688.

#### NEW STREETS AT CADIZ.

Cadiz, Ky., May 8—The people of Cadiz are making an effort to get better streets and a vote is shortly to be taken on a \$15,000 bond issue for permanent street improvements.

The Avalon is due Sunday or Monday from Chattanooga.

## NOTABLE EVENTS IN RELIGIOUS CIRCLES

St. Louis, May 8.—Bishops and other dignitaries of the Southern Methodist church were treated to a surprise at the Wagoner Place church when Mrs. Dr. E. M. Senseney read her paper on foreign missionary work. The paper fairly bristled with medical terms, the physician's wife treating apathy as a disease which might be healed by treatment of the "Divine Physician."

When she began to read her hearers realized that her paper was something out of the ordinary and gave close attention. The illustrations were so apt, and the comparisons so logical, that every word seemed to take effect. The essay sparkled with epigrams, most of which were couched in medical terms.

Prelates who had spent all their lives in church work were reminded that the task of disseminating religious information was not wholly "a man's job."

"Have you ever had your foreign missionary spirit examined?" began Mrs. Senseney. "Has the Great Physician ever diagnosed your case? Did He find the germs of indifference and lack of information? Has He inoculated you with the missionary work virus, and did it take?"

"Did His antidotes of love and activity reach the position of your stagnant missionary spirit? It may be you did not carry out the Great Physician's directions. His prescriptions, when filled and taken as directed, are sure to cure."

"He is a specialist for heart and spirit troubles."

"Indifference is a malignant germ. Work is the antidote, and salvation for me and my neighbor the cure."

In this way Mrs. Senseney brought home to the leading lights of the Methodist Episcopal church, South, the truth that women's work in the church, as well as outside, is apt to be unappreciated.

"There has been found an antitoxin

for stagnation," continued Mrs. Senseney. "The treatment of Woman's Foreign Missionary society, when properly administered, fulfills the divine commands."

New York, May 8.—Despite the arguments of Dr. B. B. Warfield of Princeton, creed revision has been given a comfortable majority by the Presbyterians of the country.

"More than three-fourths of the presbyteries have voted solidly for revision," was the word Rev. Dr. William Henry Roberts of Philadelphia, stated clerk of the general assembly, wired to the denominational headquarters in this city. It is admitted, however, that Dr. Warfield's arguments found a following, especially in the Western presbyteries.

The greatest surprise came from the Huntington, Pa., presbytery. It has voted almost two to one against revision, and is preparing a memorial for the general assembly which will cause a stir. Ithaca presbytery also voted against it. Creed revision, however, is assured. This much is admitted by even its most bitter opponents.

"The presbyteries make the law of the church in this case," explained Dr. Devins of the Observer yesterday, "and the general assembly can do nothing but ratify their decision."

While creed revision is the important affair of this year's general assembly, quite a struggle is on for the moderatorship. It was announced that the New York presbytery will support Rev. Dr. James H. Hoadley of the West Thirtieth street church for moderator. He has been pastor in New York City for thirty years. Besides Dr. Hoadley Rev. Dr. Calvin W. Mateer, former president of Shan Tung college, is a candidate, likewise Dr. Roberts of Philadelphia. The general assembly convenes at Los Angeles May 21. The New York delegates will leave next Wednesday on a special train.

### EGYPTIAN HUSTLERS

#### NAME OF A NEW ORGANIZATION OF SOUTHERN ILLINOIS DRUMMERS.

A number of traveling men with territories in Southern Illinois held a meeting at the Lindell hotel at St. Louis and organized a society known as the "Egyptian Hustlers." Many of them are well known here, especially among the drummers.

The following officers were elected: J. C. Amos, Fairfield, Ill., president; F. Boerner, St. Louis, vice president; H. O. Henger, St. Louis, secretary; F. T. Kelly, St. Louis, treasurer. The next meeting will be held May 18 at the Lindell hotel.

### RUSSIA AND CHINA

#### MAY FORM ALLIANCE.

London, May 8.—The correspondent at Moscow of the Daily Mail says in a dispatch: "I learn upon good authority that the attitude exhibited abroad has induced Russian statesmen to endeavor to bring about a complete understanding with China and thus prepare the way for a possible alliance."

### NEWSPAPER CHANGE

#### MR. J. T. KIMBALL BECOMES OWNER OF THE IN METROPOLIS HERALD.

Mr. R. B. Thompson has sold his interest in the Metropolis Herald to Mr. J. T. Kimball, who is now owner and editor of the paper. Mr. Kimball has been a partner in the business for the past two years and Mr. Thompson retires to become engaged in metropolitan journalism.

### CURES WHEN DOCTORS FAIL.

Mrs. Frank Chiasson, Patterson, La., writes June 8, 1901: "I had malaria fever in very bad form, was under treatment by doctors, but as soon as I stopped taking their medicine the fever would return. I used a sample bottle of Herbine, found it helped me. Then bought two bottles, which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine, 50c bottle at Du Bois, Kolb & Co.'s.

## FURNACES RESUME

### Grand Rivers Industries Now Running Again.

Big Quantity of Material on Hand—A New Railroad.

After having been banked for almost three months, the iron furnaces at Grand Rivers resumed operations Monday. There is on hand a greater quantity of coke than has ever been had since the furnaces began operation thirteen months ago, and the iron ore on hand together with the output of the mines at Iron Hill, will be sufficient, it is thought, to insure a continuous run through the year.

The branch railroad from Iron Hill to the mines in Lyon county at the terminus of which a washer and crusher have been stationed, is almost ready for operation.

A preliminary survey of a road from the furnaces to the mines on the Hillman land is being made and, it is predicted, will be under construction within a few months.

### VAST AMOUNTS

#### AMOUNT OF MONEY DISTRIBUTED AMONG POLICY HOLDERS.

New York, May 8.—Interesting figures have been prepared here concerning the payments by companies and association, on life insurance policies during 1902. The total distribution to policy holders and their beneficiaries was \$320,169,382 in 9,333 cities and towns. The total includes death claims, dividends, surrender values, annuities, etc.

In the statement showing the leading cities where the payments were made New York heads the list with \$32,945,475, Philadelphia \$8,926,908, Chicago \$6,923,457, Brooklyn \$6,805,277, Boston \$6,024,582, St. Louis \$3,727,666, Baltimore \$3,660,600, Cincinnati \$3,511,582, Pittsburgh \$2,690,371, Minneapolis \$2,151,385.

By states the amounts were: New York \$47,996,241, Pennsylvania \$24,473,445, Massachusetts \$16,693,527, Illinois \$12,769,765, Ohio \$12,287,960, New Jersey \$11,035,158, Missouri \$7,132,286. The payments in the Philippines were \$20,34 and in Alaska \$32,963. The amount paid in Canada was \$14,718,049.

### PLAN REUNION

#### SURVIVORS OF STEAMBOAT DISASTER WILL HAVE GOOD TIME.

The four survivors of the Grafton disaster now live in the city and are: Messrs. Ed Hart, Joe Flasch and Harry Mix, steamboat engineers, and Mr. Cal Waggoner, the saloon man. The Grafton was towing for the St. Bernard Coal Co. twenty-three years ago when she struck the Johnsonville, Tenn., bridge and was wrecked, but not lost. Of the entire crew the four gentlemen named above are all that are now left and they contemplate in the near future holding a reunion in commemoration of the event.

### NOT AGROUND

#### THE ARKANSAS SEEMS TO BE SHUT OFF FROM CAIRO.

The report that the Monitor Arkansas was aground at St. Genevieve, Mo., was a mistake. She is only laid up there on account of her inability to get over a sand bar. A dredge boat has been sent for, and it may be the vessel will be able to get through to Cairo yet.

### MAY RUN FOR NEW OFFICE.

The Princeton Chronicle in a recent issue says of Mr. Walter A. Blackburn: "Mr. Blackburn has held the position of chief deputy with United States Marshal A. D. James of Louisville for the past five years, and is one of the stalwart young Republican politicians of the First district. His many friends in this judicial district are urging him to make the race for commonwealth's attorney as the Republican nominee, but he has not decided fully about the matter."

### NEW POOR HOUSE IN GRAVES.

Mayfield, May 8.—Judge J. T. Webb and Esquires Garnett and Hughes, committee appointed by last session of fiscal court to build a house on the poor farm, went to Paducah to procure an architect to draft plans and make estimates. The house will begun at once and when finished will likely cost about \$2,000.

## MAD DOGS

### Excitement Created by Them in Livingston County.

Mayfield Boy Attacked by a Supposed Mad Dog.

The mad dogs in the Salem and Hampton country have been creating not a little excitement. Dixon May at Hampton and the 7 year old son of J. T. Wolfe at Salem are the only persons reported have been bitten, but a number of hogs and cattle have been lost from bites of the rabid beasts, says the Smithland Banner. Mr. Wolfe took his son to the madstone at the Fowler-Crumbaugh boat store in Paducah Saturday, but it failed to adhere to the place, it only being a small scratch.

Arthur, the 14 year old son of John Goins, north of the city, was bitten by a mad dog last Friday on the left hand, says the Mayfield Messenger. The dog was a Scotch terrier and was immediately killed by Mr. Goins and Orvis Dunn. Mr. Goins took the boy to Paducah, where he put Capt. Fowler's madstone on the bitten place, and it clung to it for twenty hours and then dropped off. The boy is getting along nicely now.

### POLICE DEFY GRAND JURY.

South Bend, Ind., May 8.—Thirty South Bend policemen have been called before a grand jury to testify as to alleged irregularities in the release of persons arrested. It is said releases were given without the knowledge of the prosecution. Sergeant Chappell, who was on the stand nearly all day, refused to open the record of arrests made by the police department or to deliver the record to the grand jury. A legal fight will follow for possession of the books, it is said.

### FOR THOSE WHO

#### LIVE ON FARMS.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. It is a dandy for burns." Those who live on farms are especially liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50c and \$1 at DuBois, Kolb & Co.'s.

### HILL TO BUILD CABLE LINE.

Seattle, Wash., May 8.—The Great Northern railway interests, President James J. Hill being the chief projector, have filed articles of incorporation for the North American Telegraph and Cable Co., which will lay a submarine cable across the Pacific to Vladivostok. The company is capitalized at \$5,000,000. The projected cable will go from Seattle to Valdes and other Alaskan points, and thence to Vladivostok.

### WORLD-WIDE REPUTATION.

White's Cream Vermifuge has achieved a world-wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at DuBois, Kolb & Co.'s.

### WITH THE SICK.

The little daughter of Mrs. William Rutledge, who fell and dislocated an arm several days ago at her home on Adams street, is improving.

## CRUSHES OUT THE LIFE

The most loathsome and repulsive of all living things is the serpent, and the vilest and most degrading of all human diseases is Contagious Blood Poison. The serpent sinks its fangs into the flesh and almost instantly the poison passes through the entire body. Contagious Blood Poison, beginning with a little ulcer, soon contaminates every drop of blood and spreads throughout the whole system. Painful swellings appear in the groins, a red rash and copper colored splotches break out on the body, the mouth and throat become ulcerated, and the hair and eye brows fall out; but these symptoms are mild compared to the wretchedness and suffering that come in the latter stages of the disease when it attacks the bones and more vital parts of the body. It is then that Contagious Blood Poison is seen in all its hideousness. The deep eating abscesses and sickening ulcers and tumors show the whole system is corrupted and poisoned, and unless relief comes soon this serpent disease tightens its coils and crushes out the life. The only antidote for the awful virus is S. S. S. It is *nature's remedy*, composed entirely of vegetable ingredients. S. S. S. destroys every vestige of the poison, purifies the blood and removes all danger of transmitting the awful taint to others. Nothing else will do this. Strong mineral remedies, like mercury and potash, dry up the sores and drive in the disease, but do not cure permanently. Send for our home treatment book and write us if in need of medical advice or special information. This will cost you nothing.

## Candidate Speaking!

### To the Law Abiding People of the City of Paducah and 2nd Judicial District.

Do you want your laws fairly and impartially enforced and crime suppressed as far as possible, or do you want the laws ignored and crime up-held?

Do you want a man for Commonwealth's Attorney who will try to fairly and impartially enforce the laws, or do you want a man, who, in advance of the election, has already made a compromise of himself?

The candidates for Commonwealth's Attorney will speak at the following times and places:

Gallman's, Tuesday night, May 5th  
13th and Tennessee, Wednesday night May 9  
4th and Broad, Thursday night, May 7th  
Courthouse, Friday night, May 8th

I respectfully ask and insist that all law abiding people of the City of Paducah come out and hear us. Respectfully,

J. M. Worton.

## ADVICE TO REPUBLICANS.

Savoyard, writing to the Louisville  
Post from Washington, yesterday says  
among other things:

"The Republicans of Kentucky have  
a grand opportunity. All they have  
got to do is to show themselves to be  
fit for something. The Democrats  
confess that they cannot hold an honest  
convention and they resort to what  
they announced was to be a primary.  
But Tophet is full of such primaries  
as that. Nobody can tell if the thing  
is to be held under the law, if it is to  
have a legal or voluntary officers, or  
even if it will be able to nominate.  
We do know that under the operation  
of the call but one man is to be voted  
for for the nomination for governor.  
This was predicted months ago. It  
was asserted that the machine had a  
slate. Given a machine and a slate,  
and where do the other fellows come  
in? The other fellows do no stealing.  
"Now what shall the Republicans  
do? Hold an honest convention that  
reflects the will of the Republican  
masses, and not the orders of the Re-  
publican bosses. Nominate a ticket  
that will command the respect of the  
state, rather than name the nuclei of  
a bread and butter squad. Do that  
and the people will elect it. And when  
the party gets the state let it run its  
administration without a machine, and  
whip from courts of justice all politi-  
cians—especially from courts of criminal  
jurisdiction. And that would be  
a great thing—to conduct a criminal  
prosecution in the Franklin circuit  
court, or the Scott circuit court, on  
such non-partisan lines that it would  
not be a vindication of the act of the  
governor of Indiana in refusing to hon-  
or a requisition of the governor of Ken-  
tucky for the return of an alleged fugi-  
tive from justice."

The manner in which candidates for  
Republican nominations for state office  
are coming out indicates a healthy  
condition of the party. Circumstances  
and prospects could not be more propi-  
tious than now. There is every indi-  
cation that the Republicans will win  
an easy victory this year in Kentucky.  
It will take a long time to heal the  
festering sores of the Democrats pro-  
duced by months of ceaseless back bit-  
ing, mendacity and bitterness and in  
fact, some of the Democrats never get  
over a wrong, or fancied wrong.  
Those who have this time been com-  
pelled to step down and out and let  
the nominations go to others will not  
soon forget those who are to blame for  
it, and if they do not stay at home en-  
tirely on election day, they are likely  
to vote differently from what may be  
expected of them. All signs point to  
Republican success, and this is one  
reason there is being aroused such a  
lively interest in the party in this  
year's campaign. Victory is evident  
on every hand, and the Republicans  
seem to be ready for it.

Those generals in our army who  
criticize the American soldier, do not  
gain anything either in the estimation  
of the people, or of their colleagues.  
The American people fully understand  
that while the American soldier may  
not be a paragon in any sense of the  
word, he is not a brute, and that most  
of the revolting stories of his cruelty  
emanate from ignorant or malicious  
minds. They are for the soldier every  
time. General Miles is treated to a  
seemingly just rebuke by General  
Bell, just returned, who says in regard  
to General Miles' report that cruelties

had been practiced by our soldiers:  
"While I do not care to be placed in  
the light of criticizing General Miles,  
or any of my superior officers, I stand  
absolutely by the interview cable to  
this country from Southampton. The  
American army in the Philippines is  
as fine a body of men as the world can  
show. The men have not been guilty  
of cruelties, and never have used more  
stringent means than were justified by  
the circumstances."

The conditions that prevail in Bre-  
athitt county are a disgrace not only to  
that county, but to the entire state as  
well. It is a reflection on the name  
of Kentucky to have it published  
broadcast that the officials in any city  
or county, no matter how hostile war-  
ring factions may be, refuse to make  
any effort to punish a bloody assassina-  
tion perpetrated in the temple of  
justice itself, especially when it is  
boldly stated, and not contradicted,  
that many know the perpetrators of  
the deed. Those who have been wont  
to criticize the mountainous section of  
the state for its alleged uncivilized as-  
pect, but more especially because many  
of the people are Republicans, should  
be more careful in the future. Bre-  
athitt county is Democratic, and is sup-  
posed to be in the vaunted belt of aris-  
tocratic civilization.

Some good advice is given in an ad-  
dress before the National conference  
of Charities and Corrections at Atlan-  
ta, Ga., by Mr. W. H. Allen, of the  
New York association for improving  
the poor, who says the citizen who  
gives is more to blame for that para-  
site, the tramp, than the tramp him-  
self. He urges people to do something  
to eliminate the growing tramp evil  
by refusing him charity and thus forc-  
ing him to work, which he will never  
do as long as he finds it unnecessary.  
There are institutions in every city,  
county and state for the comfort and  
relief of the worthy destitute and af-  
flicted, and in view of this fact no ex-  
cuse can be offered for the tramp, and  
his constant demands on the people  
for sustenance.

The people are learning slowly but  
surely that every agreement or com-  
bination of capital these days does not  
constitute a trust. The Republican  
party has been accused of fostering  
"trusts" because large combinations  
of capital are known to exist. These  
are not "trusts" but are perfectly legi-  
timate enterprises. They have never  
failed to vindicate themselves when  
brought into court. In time it will be  
realized that there are worse menaces  
to society and good government than  
the large concerns which seek to pro-  
duce goods in the largest possible  
quantities at the least possible cost,  
and thus benefit by reducing the costs  
millions of consumers in our country.

The people of Lexington, Ky., have  
a hard row to hoe. They are forced  
to clean the dirty streets by private  
subscription because the money appro-  
priated for street cleaning purposes  
has been spent and there can be no  
more appropriated until next March.  
They seem to have quite as good a set  
of managers in Lexington as in Padu-  
cah. One advantage we have here,  
however, is that most of the time our  
officials do not clean the streets at all  
and the expense is reduced to a  
minimum.

Americans have been hissed in Pan-  
ama. Some of the little countries south  
of us that depend on the United States  
for support in their meanness appear  
to know about as little of the Monroe  
doctrine as a few of our own fire-eat-  
ing statesmen. They seem to think the  
Monroe doctrine is something which  
prevents the United States allowing  
any large nation to jump on any small  
one, no matter what the justification.

Mexico is to adopt the gold stand-  
ard, and will borrow about twenty-five  
million dollars to make the change.  
The loan will probably for the most  
part, be taken in Europe, but will be  
floating through American houses.

## STRIKERS OUTWITTED.

Chicago, May 8—There is one hotel  
in Chicago which has clean linen, in  
spite of the fact that strikers assert no  
washing is being done.

The manager of the hostelry char-  
tered a tug, loaded it down with a  
week's washing and started it north-  
ward with instructions to bring back the  
cargo cleaned and ironed, even if it  
were necessary to go to Canada.

The lake captain steamed into Ken-  
osha, Wis., and sent word to a laundry  
that there was a package of soiled  
clothes which he wished done up in a  
hurry.

The proprietor of the laundry was  
dumbfounded when his driver brought  
back several wagon loads of clothes,  
but the work was done quickly.

# A BEAUTIFUL STORE

The Kentucky Glass and Queens-  
ware Co., Open at 406 B'way

Will Conduct a Strictly First Class  
Queensware Establishment.

The Kentucky Glass and Queens-  
ware Co. has finished removing its  
stock to its new location at 406 Broad-  
way, the building formerly occupied  
by the bowling alley.

The store has been repapered and  
painted throughout and rearranged in  
many particulars and now presents  
one of the prettiest appearances of any  
store in West Kentucky. The Ken-  
tucky Glass and Queensware Co. is  
one of Paducah's most substantial es-  
tablishments, doing a large business,  
which is increasing in a gratifying  
measure. It has done a large whole-  
sale business for years and has but re-  
cently embarked in the retail business,  
taking over the stock of the Arcade,  
and it is the intention of the manage-  
ment to give Paducahans an up-to-  
date, first class queensware store in  
every detail—a store where you can  
go and get the very latest and hand-  
somest things known to the queens-  
ware trade as easily as you can in any  
city store. The business, both whole-  
sale and retail, is under the manage-  
ment of Mr. I. L. Potter, a queens-  
ware man of established reputation,  
which is an assurance that the com-  
pany will attain its aims.

The store is now open for business  
and extends a cordial invitation to the  
people of Paducah to call to see it.

ple. Public and private baths on each  
floor. All rooms are outside, single or  
en suite; hot and cold water in each  
room; electric light and bells; open  
fireplaces, etc. Sanitation arrange-  
ments most modern. Cuisine of the  
highest order of excellence. Among  
the amusements are a beautiful bath-  
ing beach, tennis grounds, golf, bow-  
ling alley, croquet, bowling green, rec-  
reation and billiard rooms and many  
enjoyable water trips. Direct tele-  
graph service with the hotel. About  
six hours' journey north of Toronto—  
excellent transportation service. Il-

# A ROUSING WELCOME

Awaits President Roosevelt in  
San Francisco.

The City Will Fairly Outdo Herself in  
Honor of His Presence.

San Francisco, Cal., May 8—San  
Francisco, is making the most elabo-  
rate arrangements for the reception  
and entertainment of President Roose-  
velt next week. The program in some  
respects will resemble that carried out  
at the time of the late President Mc-  
Kinley's visit. The latter, however,  
came to attend the launching of the  
battleship Ohio, and this event was  
necessarily the chief feature of the  
program. With the visit of President  
Roosevelt the case is different, and  
the entire time of his stay in the city  
will be given over to features of enter-  
tainment.

From preparations now in progress  
it is safe to assert that the city will  
be illuminated as never before. Great  
arches of artistic design will span the  
chief thoroughfares of the business  
district, and the trees everywhere will  
be strung with vari-colored electric  
bulbs.

There will be a military parade on  
a gigantic scale, and a big reception so  
that all may see the president. On  
Wednesday the speech to the people of  
California will be given, and the occa-  
sion will be marked by a magnificent  
display of fireworks.

## BAPTISTS IN SESSION

Over a Thousand Delegates Now  
at Savannah.

The Southern Convention Began This  
Morning.

Savannah, Ga., May 8—Already  
there are fully 1,000 delegates in the  
city for the Southern Baptist conven-  
tion, which was called to order today.  
The southern convention of the Bap-  
tist Young People's Union held its  
first meeting yesterday and the trust-  
ees of the Southern Theological Sem-  
inary were in session all the morning.  
Last night the alumni of the seminary  
held their annual banquet, at which  
over 350 people were present.

The Baptist Young People's conven-  
tion was called to order by the presi-  
dent, L. O. Dawson, of Eufala, Ala.,  
in the First Baptist church. Dr. E. E.  
Pollard, of Georgetown, Ky., led the  
devotional exercises with which the  
convention was opened. Dr. Pollard  
made a brief address. President Daw-  
son then introduced Dr. Walter Cal-  
ley, of Chicago, the secretary of the  
International Baptist Young People's  
union, who addressed the convention  
upon "The Source of Hope for the Fu-  
ture."

# STRUCK BY A CAR

Narrow Escape of a Two Year  
Old Girl.

Street Car Ran Against Her But She  
Escaped Serious Injury.

Rosa, the two year old daughter of  
Ben Klein, a shoe maker who keeps  
shop under the New Richmond hotel,  
ran against street car No. 54, of the  
Jackson line, in charge of Motorman  
Tom Blackman, this morning about  
10:20 o'clock, and was knocked down  
and slightly bruised.

The child was playing in the street  
at the hotel building when the car  
came up. Blackman was running  
slowly, having reached the end of the  
line, when the baby ran into the car.  
The child was knocked to the ground  
and its forehead bruised. The father  
ran out and picked it up and adminis-  
tered to its wants until a physician ar-  
rived and made an examination. The  
injuries are not serious. The accident  
caused some little excitement in that  
vicinity and many thought the child  
was killed from the actions of the par-  
ents who were highly excited for a  
short time.

## HOSPITAL BOARD

A Meeting Held at the Hospital  
Today.

The Hospital Lawn to Be Raised and  
Driveway to Be Built.

The Illinois Central railroad Hospi-  
tal association held a meeting this morn-  
ing but nothing of importance was  
done. This is the first meeting held  
in several months and the following  
members were present: Chief Sur-  
geon D. G. Murrell, Superintendent  
A. Philbrick, Louisville division; Su-  
perintendent W. H. Stilwell, Tennes-  
see division; Roadmaster P. Loden,  
Tennessee division; Master Mechanic  
T. F. Barton; Road master J. M. Rus-  
sell, Louisville division; Engineer  
John McGuire, city, and Conductor  
John Wheeden, Louisville and Mem-  
phis division. The meeting began at  
the hospital on West Broadway at 9  
o'clock and lasted a short time only.

The proposed improvements to the  
hospital grounds were discussed and it  
was decided to begin at once or as  
soon as possible to raise the entire  
yard 12 inches and to cut paths and  
driveways through the grounds from  
end to end.

## WAS ALMOST A FIGHT

Alderman and Policeman Engage  
in Altercation Today.

They Were Separated Before Any Se-  
rious Damage Was Done.

Alderman Gus G. Singleton and Po-  
lice Officer Buck Whitehurst met at  
Fourth and Broadway about 12:30  
o'clock this afternoon, and it appears  
had words about what Alderman Sin-  
gleton said about Officer Whitehurst  
last night at the board of aldermen  
meeting. According to bystanders Al-  
derman Singleton struck the police-  
man once, but Officer Aaron Hurley  
and Police Commissioner Mann Clark,  
who were nearby, separated them and  
prevented further hostilities.

It seems that on account of Alder-  
man Singleton's advocacy of the ordi-  
nance some time back to reduce the  
police force, and subsequently to have  
the police make sanitary inspections  
in addition to their other duties, he  
has come in for some unpleasant criti-  
cism from some of the police officers,  
and the feeling has become somewhat  
bitter on both sides. Both gentlemen  
were recognized to answer before  
Judge Sanders at tomorrow's session  
of the police court for a breach of the  
peace.

Superintendent A. Philbrick of the  
Louisville division and Roadmaster P.  
Loden of the Memphis division of the  
I. C. are in the city today.

## WHEAT.

Chicago, May 8—There was good  
support in the wheat pit today and  
there was a substantial rise from the  
lowest point. The Modern Miller was  
bullish and this was a help to the  
price. There was a great deal of talk  
regarding the manipulative clique and  
it was conceded generally that the Ar-  
mour forces had sold about six million  
bushels of wheat during the past two  
days. Big purchases by the Navy in-  
terests served to encourage holders and  
on all little declines the timid shorts  
rushed to cover. Northwestern ad-  
vises told of decreasing stocks, but  
the European cable news were rela-  
tively good. At the close the feeling  
was a little nervous, but the undertone  
was firm. The Northwest reported 81  
cars against 153 last year. Chicago 34  
cars with 65 estimated for tomorrow.  
Clearances 394,000. Receipts at the  
primary points 207,836 vs 248,150 last  
year; shipments 445,972 vs 397,887.  
The Argentine visible is 4,080,000 vs  
4,005,000 last week and 732,000 last  
year. The cash situation is very dis-  
appointing and the crop reports are  
mildly unfavorable. Unless conditions  
change we look for a scalping market  
for the time being.

## STOCKS.

Wall Street, New York, May 8—  
Prices today are practically unchang-  
ed, as compared with yesterday's.  
During the early part of the session  
prices had some further reaction, ow-  
ing principally to the strike reports.  
The Rock Island and Frisco deal has  
been officially announced. Another  
large trust company, The Mercantile,  
announced it would quit the clearing  
house May 18, owing to the burden  
imposed by the rule that on and after  
June 1 the trust companies using the  
clearing house must keep 5 per cent  
reserve on hand. Considering the ac-  
tion of the market during the past 30  
days it is only natural that some little  
setback such as that of yesterday and  
today should occur and it is possible  
that it may go some further, but upon  
any break from present figures we  
would advise purchases of the stand-  
ard issues. The banks have gained  
from subtreasury since Friday last  
\$650,000. Thirty-nine roads the  
fourth week in April show an increase  
of 17.59 per cent. Seventy-four roads  
average net increase 20.08 per cent.  
Tennessee Coal and Iron Co's surplus  
for current quarter expected to be a  
record breaker, and is estimated at one  
million dollars against 300,000 in the  
previous quarter. Opinions prevail  
that it cannot be long before questions  
of common stock dividends will be  
raised for discussion. It has also been  
rumored that the Morton Trust com-  
pany will withdraw from the clearing  
house. Town Topics says: "We be-  
lieve Missouri Pacific will go higher.  
There is good buying of copper and  
we have bull points on it again. We  
earnestly recommend the purchase of  
B. and O. and advise our friends to  
confidentially purchase good stocks on  
all recessions. Trading again today  
was on a rather light scale, sales to  
noon being 244,000 shares. Call mon-  
ey ranges at 2 to 2 1/2 per cent.

## FOR MULE STEALING

John Babcock, of Gilbertsville, Arrested Today.

Had a Mule Alleged to Have Been Stolen in Marshall County.

John Babcock, of near Gilbertsville, Marshall county, apparently about 18 years old, was arrested at the Riglesberger mills this morning about 10 o'clock by Officer Tobe Owen on the charge of mule stealing.

Babcock is alleged to have taken the mule of Sam Kolb, of near Gilbertsville, last night and a telegram was received here this morning instructing the officers to keep a lookout for the boy who was supposed to have come this way.

Marshall Crow notified all his men of the telegram and inside of 45 minutes after receiving it had the boy under arrest. He admitted to Officer Owen that he took the mule and was at the time trying to sell it to Messrs. Riglesberger. He wanted \$75 for the animal and had been offered \$50. The mule is a valuable one. Babcock will be held until the Gilbertsville authorities come after him. They have been notified by telegram of the arrest.

## MAY KEEP KEEBLER

Light Committee to Meet Probably Today.

It Seems Supt. Wallace Will Not Be Put Back in Charge.

The joint light committee of the board of aldermen and council will probably meet this afternoon or at any rate some time soon to consider the matter of keeping Electrician Keebler in the light plant as superintendent.

An alderman stated this morning that he thought he would be retained. The action of the aldermanic board last night in taking the preliminary steps to have the light plant managed exclusively by the joint light committee of the general council and all the attaches from superintendent down, hired by the committee seems to indicate that Superintendent Wallace is to be discharged as Assistant Fire Chief Augustus was a few months ago. Superintendent Wallace is just back from a two months rest at Chicago.

## HEAVILY INVOLVED.

A FAILURE IMPENDING.

Improper feeding brings on disease. The use of coffee, for instance, is almost certain to cause organic ills. The whole system of health becomes involved and the physical failure known as collapse is always impending. No financial trouble can cause half the suffering that follows disease, and most disease comes from what we eat and drink.

It is no guess-work, but solid, scientific fact that coffee hurts about nine of every ten that drink it. It attacks the vital organs directly, and indirectly its ill results are frequently seen in the remotest corners of the body. All the while serious organic diseases may be growing that will be hard to cure and the coffee drinker is subject to such suffering as headaches, biliousness, flatulence, insomnia, nervousness and a hundred and one other ills.

"Once upon a time, as they say in fairy tales, when I was troubled by the coffee fiend," writes a lady of St. John, Canada, "life was a weary burden to me on account of the wretched headaches, utter weariness of both mind and body and general biliousness, all due, as I afterward found out, to the use of coffee. Acting upon an old friend's advice, I quit coffee and drank Postum, and presto, in a week I was transformed into a different being."

"In a month I was gifted with bounding energy in place of my former lassitude, and a general uprising of my formerly dormant ambitions was plainly evident. I was benefited so greatly that I constituted myself a missionary among my friends to spread the truth about Postum, and I can tell you of many of my friends who have used it with wonderfully good results."

## WHO WAS HE?

BODY OF A WHITE MAN CAUGHT AT MOUND CITY.

Mound City, Ill., May 8—Monday morning the remains of an unknown man were found floating in the river opposite the furniture factory. Corner Steele, empaneled a jury and held an inquest. The body was so far decomposed as to render the body unrecognizable. It could not be determined whether the body was black or white but the decision of the jury was that of a white man. He appeared to be a middle-aged man, and had been well dressed. His apparel consisted of a red undershirt, black coat and vest, new patent leather shoes with the brand Whiteville Merchantile Co., Whiteville, Tenn., black stockings and 90 cents in his pocket.

## DOING WELL

NORTONVILLE ENTERPRISES FLOURISHING—SALE JUNE 15

The various enterprises at Nortonville in which Paducahans are interested are flourishing, and the deeds to sixteen lots [just sold] were signed yesterday. There is a great demand for property there, and a public sale of lots will be held June 15.

The hotel is doing a big business, and has many regular boarders in addition to the transient business, which insures its prosperity. The coal mines are yielding a satisfactory output.

## SHOT IN THE ARM

MR. CHARLES ROOT, THE BARBER, ACCIDENTALLY HURT THIS AFTERNOON.

Mr. Charles Root, the well known South Third street barber, this afternoon while handling a pistol accidentally shot himself in the left arm. The wound is only a flesh one, and will probably not disable him but a day or two.

## CUSTOM HOUSE WORK

Bids Today Asked for Erecting the Addition.

They Will Be Opened at Washington June 11 and a Contract Will Be Let.

## ACTIVE START THEN BE MADE

The delay of several months in starting work on the \$75,000 addition to the government building in Paducah promises to end in a few weeks. Today, as will be seen elsewhere, bids are advertised for by the government for erecting the addition to the Paducah building, which when complete will cost close on to \$100,000.

The bids are to be opened in the office of the supervising architect at Washington at 3 p. m. on June 11, and it is probable the contract will straightway be let and work begin as soon thereafter as possible, and be well under way by the latter part of July.

The amount appropriated at present for the work is probably not as much as will be needed before the structure is complete. The government building, as stated before, is practically to be doubled, the addition to be similar to the present building, and located on the west side of it. When finished it will effect a complete change of the interior arrangement.

## Strain Affected General Health.

## Doctor's Doses Weakened Stomach.

## Dr. Miles' Nervine Cured Me.

Dr. Miles' Restorative Nervine brings rest and sweet sleep to the tired brain, worn out with the cares and anxieties of the sick room. Read the following:

"I have always been healthy with the exception of a touch of rheumatism since my age came on, up to the time of my husband's last illness some years ago. I assisted in nursing my husband for nearly three months when he departed this life and the mental strain I think caused my trouble. Aside from extreme nervousness my trouble commenced with sore throat and neuralgia. My physician gave me purgative doses which weakened me very much and my stomach for a time seemed inactive. Mental strain and the dormant condition of my stomach soon told upon my general health. I had little appetite and was soon forced to stay in bed a greater part of the time. Within a week after the time I began taking Dr. Miles' Restorative Nervine and Tonic I was up about the house. I continued their use until completely cured. My faith in Dr. Miles' Remedies has been strengthened by experience of other people, our daughter having used Restorative Nervine with splendid results in a case of paralysis and a friend to whom I sent a box of the Anti-Pain Pills reports that she has been completely cured of neuralgia by their use. I know of a number of others whom your medicine has helped in a large degree. I wish you continued success."

Price of European Armaments.

A million dollar bills packed solidly like leaves in a book made a pile 275 feet high. One thousand million dollars, the price which Europe annually pays for armaments in time of peace, equal a pile of dollar bills over fifty-two miles high.

## TOW BOAT LANDING

IT IS CLAIMED THAT TOWBOATS HAVE NO BUSINESS AT WHARF.

In regard to the complaints that there is no place at the public wharf for towboats to land, Wharfmaster Fowler stated today that there is plenty of room over at the Island. It was said down about the river front that towboats have no business laying up at the wharf here, as the wharf is intended for the boats that receive and discharge freight and not for towboats that desire to lay up and be in the way of the other boats. It seems probable, in view of the already limited wharf space, that no relief can be afforded the towboat men.

## GAME TOMORROW.

Y. M. C. A. AND ALDEN KNITTING MILL TEAM TO MEET.

There will be a match game of base ball tomorrow afternoon between the Y. M. C. A. team and a team from the Alden Knitting Mills. This will be the first public appearance of the Y. M. C. A. team. The game will be played in the afternoon, beginning about 3:30 and a large crowd is expected out to see the sport.

The boys' department of the association will conduct a refreshment stand at the association building during the carnival to complete the \$75 fund it has been trying to raise to furnish a suite of rooms in the building.

## NEW ENGINES.

ILLINOIS CENTRAL IS RECEIVING MANY NEW ONES.

Of the 50 engines of the most improved pattern which were recently ordered by the Illinois Central, five have already arrived at Memphis, and within the next thirty days the remaining 45 are expected. These locomotives are divided into thirty freight engines, ten passenger engines and ten switch engines. While a great many of these locomotives will be distributed all over the road, yet quite a number will be used on the Tennessee division and will tend to a great improvement in the service.

## FLOATER FOUND

BODY OF UNKNOWN COLORED MAN FOUND NEAR SMITHLAND.

Smithland, Ky., May 8.—The decomposed body of an unknown negro man was found in some drift on the bank of the Tennessee river on the farm of P. N. Ferrin, a few miles east of Smithland, Monday. The body had evidently floated there during the recent high water. A pocket knife only was found in a pocket of the dead man's trousers, but nothing to indicate his identity. Magistrate W. H. Taylor held an inquest and ordered the body interred on the river bank.

## NOT SATISFACTORY

FOUR RECESS PLAN WILL PROBABLY BE ABANDONED.

There has been some talk of dismissing the public schools during the carnival earlier than usual, but this has never been placed before the board and will not be done unless for some big parade.

Prof. J. T. Ross is better today but not able to be at his school.

The four recesses arrangement is not meeting with general approval. Some schools like it and others do not. It is probable this arrangement will be abandoned next week.

## SLOW TO ARRIVE.

BREAK AT THE IRON FURNACE NOT YET REPAIRED.

Only a portion of the brick ordered for the repair of the break in the chimney at the Kentucky Iron company plant, at Third and Norton streets, has arrived, and the work on the chimney has been indefinitely delayed. The brick have been ordered for several weeks but are slow in arriving.

## SPRING AILMENTS.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needs toning up. The trouble is that during winter there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect fully restore the wasted tissues and give strength in place of weakness. 50c at DuBois, Kolb & Co.

## MAY BE SOLDIERS

DRASTIC MEASURE BECOMES A LAW IN NEW YORK.

Albany, N. Y., May 8.—Governor Odell has signed a bill designed to prevent discrimination on the part of labor unions against members of the national guard. The bill is very drastic and refers equally to labor unions or employers, making it a misdemeanor to interfere in any way with the employment of a person who is member of the national guard on account of such membership, or to dissuade a person from enlisting by threat of injury with reference to his employment, trade or business. It especially forbids any trade organization from adopting any resolution or bylaws discriminating in the matter of membership against any member of the national guard.

The act is to take effect September 1.

Or, The Love Story of Charles Brandon and Mary Tudor, the King's Sister, and  
 Happening in the Reign of His August Majesty King Henry the Eighth

Rewritten and Rendered into Modern English From Sir Edwin  
 Caskoden's Memoir

By **EDWIN CASKODEN [CHARLES MAJOR]**  
 Copyright, 1898 and 1901, by the Bowen-Merrill Company

Brandon's forced cheerfulness died  
 out with his words, and he sank into a  
 chair, with his elbows on his knees and

Brandon and I were struck dumb with  
 admiration.

his face in his hands. Mary ran to him  
 at once. There had been a little mo-  
 ment of faltering, but there was no  
 real surrender in her.

Dropping on her knee beside him, she  
 said coaxingly: "Don't give up. You  
 are a man; you must not surrender  
 and let me, a girl, prove the stronger.  
 Shame upon you when I look up to  
 you so much and expect you to help me  
 be brave! I will go. I will arrange  
 myself in some way. Oh, why am I  
 not different? I wish I were as straight  
 as the queen." And for that first time  
 in her life she bewailed her beauty be-  
 cause it stood between her and Brandon.

She soon coaxed him out of his de-  
 spondency, and we began again to plan  
 the matter in detail.

The girls sat on Brandon's cloak and  
 he and I on the camp stool and a box.

Mary's time was well occupied in  
 vain attempts to keep herself covered  
 with the cloak, which seemed to have  
 a right good will toward Brandon and  
 me, but she kept track of our plans,  
 which, in brief, were as follows: As  
 to her costume, we would substitute  
 long trunks and jack boots for shoes  
 and hose, and, as to doublet, Mary  
 laughed and blushing said she had a  
 plan which she would secretly impart  
 to Jane, but would not tell us. She  
 whispered it to Jane, who, as serious  
 as the lord chancellor, gave judgment  
 and "thought it would do." We hoped  
 so, but were full of doubts.

This is all time enough to write and  
 read about, but I can tell you it was  
 sufficiently exciting at the time. Three  
 of us at least were playing with that  
 comical fellow, Death, and he gave the  
 game interest and point to our hearts'  
 content.

As to the elopement, it was deter-  
 mined that Brandon should leave Lon-  
 don the following day for Bristol and  
 make all arrangements along the line.  
 He would carry with him two bundles,  
 his own and Mary's clothing, and leave  
 them to be taken up when they should  
 go a-shipboard. Eight horses would  
 be procured, four to be left as a relay  
 at an inn between Berkeley castle and  
 Bristol and four to be kept at the ren-  
 dezvous some two leagues the other  
 side of Berkeley for the use of Bran-  
 don, Mary and the two men from Bris-  
 tol who were to act as an escort on the  
 eventful night. There was one dis-  
 agreeable little feature that we could  
 not provide against nor entirely elimi-  
 nate. It was the fact that Jane and I  
 should be suspected as accomplices  
 before the fact of Mary's elopement,  
 and, as you know, to assist in the ab-  
 duction of a princess is treason, for  
 which there is but one remedy. I  
 thought I had a plan to keep ourselves  
 safe if I could only stifle for the once  
 Jane's troublesome and vigorous ten-  
 dency to preach the truth to all people  
 upon all subjects and at all times and  
 places. She promised to tell the story  
 I should drill into her, but I knew the  
 truth would seep out in a thousand  
 ways. She could no more hold it than  
 a sieve can hold water. We were play-  
 ing for great stakes, which, if I do say  
 it, none but the bravest hearts, bold  
 and daring as the truest knights of  
 chivalry, would think of trying for—  
 nothing less than the running away  
 with the first princess of the first blood  
 royal of the world. Think of it! It  
 appalls me even now. Discovery meant  
 death to one of us surely, Brandon;  
 possibly to two others, Jane and me,  
 certainly if Jane's truthfulness should  
 become unmanageable, as it was apt  
 to do.

After we had settled everything we  
 could think of the girls took their leave,  
 Mary wily kissing Brandon at the  
 door. I tried to induce Jane to follow  
 her lady's example, but she was as  
 cool and distant as the new moon.

The next day Brandon paid his re-  
 spects to the king and queen, made his  
 adieus to his friends and rode off alone  
 to Bristol. You may be sure the king  
 showed no signs of undue grief at his  
 departure.

CHAPTER XVI.  
 A HAWKING PARTY.

**A** FEW days after Brandon's  
 departure, Mary, with the  
 king's consent, organized a  
 small party to go over to  
 Windsor for a few weeks during the  
 warm weather.

There were ten or twelve of us, in-  
 cluding two chaprons, the old Earl of  
 Hertford and the dowager Duchess of  
 Kent. Henry might as well have sent  
 along a pair of spaniels to act as chap-  
 erons—it would have taken an army  
 to guard Mary alone—and to tell you  
 the truth our old chaprons needed  
 watching more than any of us. It was  
 scandalous. Each of them had a touch  
 of gout, and when they made wry  
 faces it was a standing inquiry among  
 us whether they were leering at each  
 other or felt a twinge—whether it was  
 their feet or their hearts that troubled  
 them.

Mary led them a pretty life at all  
 times, even at home in the palace, and  
 I know they would rather have gone  
 off with a pack of imps than with us.  
 The inducement was that it gave them  
 better opportunities to be together, an  
 arrangement connived at by the queen.  
 I think, and they were satisfied. The  
 earl had a wife, but he fancied the old  
 dowager and she fancied him, and  
 probably the wife fancied somebody  
 else, so they were all happy. It great-  
 ly amused the young people, you may  
 be sure, and Mary said, probably with-  
 out telling the exact truth, that every  
 night she prayed God to pity and for-  
 give their ugliness. One day the prin-  
 cess said she was becoming alarmed.  
 Their ugliness was so intense she feared  
 it might be contagious and spread.  
 Then, with a most comical seriousness,  
 she added:

"Mon Dieu, Sir Edwin, what if I  
 should catch it? Master Charles would  
 not take me."

"No danger of that, my lady. He is  
 too devoted to see anything but beauty  
 in you, no matter how much you might  
 change."

"Do you really think so? He says  
 so little about it that sometimes I al-  
 most doubt."

Therein she spoke the secret of Bran-  
 don's success with her, at least in the  
 beginning, for there is wonderful po-  
 tency in the stimulus of a healthy lit-  
 tle doubt.

We had a delightful canter over to  
 Windsor, I riding with Mary most of  
 the way. I was not averse to this ar-  
 rangement, as I not only relished Ma-  
 ry's mirth and joyousness, which were  
 at their height, but hoped I might give  
 my little Lady Jane a twinge or two  
 of jealousy, perchance to fertilize her  
 sentiments toward me.

Mary talked and laughed and sang,  
 for her soul was a fountain of glad-  
 ness that bubbled up the instant pres-  
 sure was removed. She spoke of little  
 but our last trip over this same road,  
 and, as we passed objects on the way,  
 told me of what Brandon had said at  
 this place and that. She laughed and  
 dimpled exquisitely in relating how  
 she had deliberately made opportuni-  
 ties for him to flatter her until at last  
 he smiled in her face and told her she  
 was the most beautiful creature liv-  
 ing, but that, after all, "beauty was as  
 beauty did."

"That made me angry," said she. "I  
 pouted for awhile and two or three  
 times was on the point of dismissing  
 him, but thought better of it and asked  
 him plainly wherein I did so much  
 amiss. Then what do you think the  
 impudent fellow said?"

"I cannot guess."

"He said, 'Oh, there is so much it  
 would take a lifetime to tell.'"

"This made me furious, but I could  
 not answer, and a moment later he  
 said, 'Nevertheless I should be only  
 too glad to undertake the task.'"

"The thought never occurred to ei-  
 ther of us then that he would be taken  
 at his word. Bold? I should think he  
 was! I never saw anything like it! I  
 have not told you a tenth part of what  
 he said to me that day. He said any-  
 thing he wished, and it seemed that I  
 could neither stop him nor retaliate.  
 Half the time I was angry and half  
 the time amused, but by the time we  
 reached Windsor there never was a  
 girl more hopelessly and desperately in  
 love than Mary Tudor." And she  
 laughed as if it were a huge joke on  
 Mary.

She continued: "That day settled  
 matters with me for all time. I don't  
 know how he did it. Yes, I do." And  
 she launched forth into an account of  
 Brandon's perfections, which I found  
 somewhat dull, and so would you.

We remained a day or two at Wind-  
 sor and then, over the objections of  
 our chaprons, moved on to Berkeley cas-  
 tle, where Margaret of Scotland was  
 spending the summer.

**On the Scales**

A great many interesting facts may be discovered with a  
 pair of scales, but it is doubtful if any single fact will be more  
 interesting and valuable to the average woman than the weight  
 of her shoes.

For this tells her the num-  
 ber of ounces that must be  
 lifted thousands of times each  
 day, and a little calculation  
 will show that she lifts tons  
 of shoe leather a day—no  
 small labor in itself.

The "Dorothy Dodd" shoe  
 saves the lifting of more than  
 one and one-half tons every day. A pair of "Dorothy Dodd"  
 shoes are several ounces lighter than ordinary shoes. The feet  
 are just so much more comfortable, and you are so much less  
 tired. Put a pair to the test!

## NEWS OF THE RIVERS.

Observations taken at 7 a. m. River 16.1 on the gauge, a fall of 1.2 in last 24 hours. Wind east, a fair breeze. Weather clear and slightly cooler. Rainfall in last 24 hours 0.04 inches. Temperature 60. Fell, Observer.

The Rees Lee is due to Cincinnati Sunday.

The Butterff is due Sunday from Cumberland river.

The Russell Lord is due from Keokuk, Iowa, tomorrow.

The Hosmer is due tonight from Tennessee river with ties.

The Sunshine is due Tuesday to Memphis from Cincinnati.

The Dick Fowler cleared on time this morning for Cairo with a good trip.

The Joe B. Williams and Boaz are on the way up from New Orleans with empties.

The Thomas B. Pearce arrived and departed on time this morning for Golconda.

The Savannah passed last night from St. Louis to Tennessee river with a good trip.

The Joe Fowler arrived at 10 o'clock and departed at noon for Evansville with a good trip.

Captain Scott Parish, of the ill-fated steamer L. H. Buhrman, has come home to go on the Pearce as pilot.

There is no change in the ship carpenter-caulker strike. There are a few hands working on the docks but they are not any of the original strikers.

The Sprague had forty-eight pieces in her tow when she passed Memphis on her way up from New Orleans. This is the largest tow of empties ever brought up the Mississippi by one towboat.

"Dory" Poe, the Pittsburg river and weather prophet, predicts a good rise about the middle of June, which will furnish water for at least another month. Poe's river predictions are considered good and rivermen are now looking forward to the June rise, especially the coal men, who by that time will have millions of bushels ready to ship south.

Business on the river has been brisk and increasing during the last few days. The bank landings have dried up and the roads leading to them improved so that farmers can haul their products and the packets get in and out without much trouble. The city wharf presented a busy, bustling scene yesterday and all the boats are busy coming and going. The freight and passenger business is rapidly increasing.

Capt. W. H. Christian, commander of the E. A. Woodruff, sent out the following notice: "The United States snagboat E. A. Woodruff has gone into commission for the removal of obstructions from the Ohio river. All persons interested in navigation on the Ohio river having knowledge of the location of river obstructions are kindly requested to communicate the same either to Col. G. J. Lydecker, corps of engineers, U. S. A., or to Capt. W. H. Christian, master of the United States snagboat E. A. Woodruff, room 405 Customhouse, Cincinnati, O."

## REUNION OF GRAY

Gen Bennett Young Issues Instructions.

Promises for the Usual Large Representation From Kentucky.

General Bennett H. Young, commanding the Kentucky division, United Confederate Veterans, has issued formal instructions at Louisville for the Kentucky veterans at the New Orleans reunion, which will begin May 19.

The staff headquarters of the division will be located at 805 St. Charles street. The state headquarters have not been allotted. The staff headquarters will be in charge of Major Andrew M. Sea.

On account of a bereavement in her family Miss Birdella Megibben, of Cynthiana, has resigned as sponsor for the division and Miss Virginia Hart, of Cynthiana, her personal maid of honor, has been appointed sponsor instead.

There is every indication that Kentucky will have her usual admirable representation at the reunion. Louisville will make no bid for the reunion next year.

It is not known how many will go from Paducah.

## A NEW CAPTAIN NOW

Tom Clifford Resigned as Captain of Paducah Club.

Harry Lloyd Was Appointed to Succeed Him—Great Interest in Sunday's Game.

Tom Clifford, who has been captain of the local professional K. I. T. baseball club, has resigned and Harry Lloyd, one of the crack pitchers, has been elected to fill his place. Mr. Clifford did not care to take the captainship from the first but agreed to at the solicitation of both the club and association members.

"Chief" Lloyd is a wide-awake and up-to-date man and will make the team a good captain.

Today the boys are out working hard for the coming games with Hopkinsville Sunday and Monday. It is expected that fully 6,000 people will be out to see Sunday's game as it will be the first game of the season here and the public is eager to see some fast ball playing. Mr. Gus Thompson, of the street car company, has worked the grounds into the best condition possible, and the players have nothing to complain of now. The game Sunday will be hot and furious and will be something well worth seeing.

## GRANTED REQUEST

The Illinois Central to Inaugurate New Plan.

Receiving Department of the Freight House to Be Open Until 5:30 P. M.

Some time ago the Commercial club and the Wholesale Grocers' association petitioned the I. C. Railroad company to keep their receiving department of the local freight offices open until 5:30 instead of closing at 5 as has been the custom. The railroad people today notified the association that they would do so for two months to see how the plan works and it will go into effect at once. However the freight taken to the depot after 5 o'clock will not go out the same afternoon. It will be received and sent out the next day. This will be good news to shippers for on very busy days it is a task to get everything to the depot that should go before the closing hour.

## DELAYED BY HOT BOX.

The noon passenger train over the Illinois Central was delayed two hours today by a hot box, which prevented the engine making the time.
